The Ceramics Studio

SUMMER TERM 2017

Hours for UNDERGRADUATE STUDENTS

**M, W, F: 1-5pm**

**TH: 1-3pm**

**INITIAL COST: $20 (includes 1 term user fee and starting amount of clay)**

| Hand building does not require an intro session—we can help you start your project any time during our open hours. We recommend that students new to ceramics start with one of the many hand built projects that we offer. |
| Throwing on the potter’s wheel is more technical. It requires completing at least 2 “Intro to the Wheel” instruction sessions plus 2 “Intro to Trimming” sessions for a total of 4 sessions. |

**WEDNESDAY projects 2:30-3:30 pm:**
- June 28: hand build a tray
- July 19: hand build a vase
- July 26: hand build a planter

**MONDAYS 2:30-3:45 pm: Intro to the Wheel sessions**: July 10, 17, 24, 31
*Space is limited to 6 students. Sign up in person on the date of the session by 2:15pm

**FRIDAYS 2:30-3:30 pm: Intro to Trimming sessions**: July 14, 21, 28, Aug 4

For students new to ceramics we highly recommend trying hand building first. Completion of 2 introductory sessions in throwing is required for beginning students before the potter’s wheels can be used independently. In addition to the 2 throwing sessions students also need to come in to trim twice (in total four visits before glazing). Cost: $20 (term fee plus clay) includes 2 throwing sessions and 2 trimming. (Intro sessions can be waived for students with previous throwing experience).

**Wet work ends: Thursday, Aug 3; Trimming ends: Friday, Aug 4**

The end of the term will be glazing and firing only.

**GLAZING DAYS**: Aug 9 - 18

**Work pick up days: Aug 21-24, as ready**

The Ceramics Studio is located on the lower level of the Hopkins Center (next to the Woodshop).
